IMAC Further Expands Footprint in Illinois with Opening of Clinic in Rockford

November 7, 2019

BRENTWOOD, Tenn., Nov. 07, 2019 (GLOBE NEWSWIRE) -- IMAC Holdings, Inc. (Nasdaq: IMAC), a provider of innovative medical advancements and care specializing in regenerative rehabilitation orthopedic treatments without the use of surgery or opioids, today announced it has further expanded its presence in the State of Illinois with the anticipated opening of its fourth outpatient clinic in Rockford.

The new facility, located at 345 Executive Parkway, will offer the company's signature regenerative rehabilitation medical treatments including outpatient physical therapy and non-opioid pain treatments delivered by licensed medical practitioners starting November 18.

Ricardo Knight, M.D., MBA, will serve as medical director for all IMAC Illinois locations. Dr. Knight received his medical degree from State University of New York at Buffalo School of Medicine and Biomedical Sciences, but he began his career in rehabilitation medicine as a physical therapist. He is board certified by the American Board of Physical Medicine and Rehabilitation and obtained his MBA from the University of Chicago, Booth School of Business. He has held positions at many prominent institutions including Harvard Medical School and the Rehabilitation Institute of Chicago.

"We continue to execute on our plan to expand our presence in regions where we can extend our existing geographic footprint," said Jeff Ervin, CEO of IMAC Holdings. "Dr. Knight's extensive experience in rehabilitative medicine, as well as his familiarity with the area, will allow IMAC to bring innovative sports medicine and pain solutions to a hard-working production-based community."

About IMAC Holdings, Inc.

IMAC Holdings was created in March 2015 to expand on the footprint of the original IMAC Regeneration Center, which opened in Kentucky in August 2000. IMAC Regeneration Centers combine life science advancements with traditional medical care for movement restricting diseases and conditions. It owns or manages 14 outpatient clinics that provide regenerative, orthopedic and minimally invasive procedures and therapies. It has partnered with several active and former professional athletes, opening two Ozzie Smith IMAC Regeneration Centers, two David Price IMAC Regeneration Centers, and a Tony Delk IMAC Regeneration Center. IMAC's outpatient medical clinics emphasize its focus around treating sports and orthopedic injuries without surgery or opioids.

Safe Harbor Statement

This press release contains forward-looking statements. These forward-looking statements, and terms such as "anticipate," "expect," "believe," "may," "will," "should" or other comparable terms, are based largely on IMAC's expectations and are subject to a number of risks and uncertainties, certain of which are beyond IMAC's control. Actual results could differ materially from these forward-looking statements as a result of, among other factors, risks and uncertainties associated with its ability to raise additional funding, its ability to maintain and grow its business, variability of operating results, its ability to maintain and enhance its brand, its development and introduction of new products and services, the successful integration of acquired companies, technologies and assets, marketing and other business development initiatives, competition in the industry, general government regulation, economic conditions, dependence on key personnel, the ability to attract, hire and retain personnel who possess the skills and experience necessary to meet customers' requirements, and its ability to protect its intellectual property. IMAC encourages you to review other factors that may affect its future results in its registration statement and in its other filings with the Securities and Exchange Commission. In light of these risks and uncertainties, there can be no assurance that the forward-looking information contained in this press release will in fact occur.
